

Shudder (Stitch Trilogy Book 2)

- Stitch Trilogy Book 2 - Its only been three days, and already everything is different. Paragon is behind her, but somehow Alessas life may actually have gotten worse. In a wrenching twist of fate, she traded the safety and companionship of her sister for that of her true love, losing a vital partner shed counted on for the ordeal ahead. Her comfortable university life is but a distant memory, as she faces the prospect of surviving a bleak winter on the meager remains of a ravaged world. And if shed thought shed tasted fear upon seeing a ghost, she was wrong; now shes discovering new depths of terror while being hunted by a deadly virus and a terrifying pack of superhuman creatures thirsting for blood. And then there are the visions. The memory-altering stitch unlocked something in Alessas mind, and now she cant shake the constant flood of alien feelings ransacking her emotions. Haunting memories of an old flame are driving a deep and painful rift into her once-secure relationship. And a series of staggering revelations about the treacherous Engineers - and the bone-chilling deceit shrouding her worlds sorry history - will soon leave Alessa reeling...
