

Slipperless #5: A Billionaire Love Story (Billionaire Romance: Slipperless Series)

Left without a job, without family and without hope, I find myself near a complete breakdown. My future at Hawkins Biotech now seems impossible, one spent with Gabe even more so. Yet because of my crushing debt, I'm left with little choice but a wary acceptance of his offer to return. Not long after doing so, I discover that not only have things gotten worse with the Link Protocol, but Gabe had no intention of honoring the terms of our agreement. I should have known better. Still, with so much at risk, I have no choice but to fight through all of it if I ever hope to have what I want out of life. Through it all, I can't help but wonder - will Gabe ever do the same for me? This is the fifth, and final, book in a Billionaire Romance series presented in serial format. It is not a standalone. All individual entries are currently free with Kindle Unlimited.
