

Trust is a four-letter word... Command Force Alpha, Book 2 Captain Laurence Madigan is an anomaly-a levelheaded risk taker who learned the dark side of life in Manchesters slums. He needed those skills to survive fourteen months as a prisoner of Firebird, a shadowy Russian cartel. When rescued, he receives less than a heros welcome. Hes considered a wild card-or even a double agent. After enduring agony and degradation for Command Force Alpha, hes determined to clear his name and bring Firebird down...even if it means escaping CFAs London facility with a very personal hostage. Oxford-educated psychologist Gemma Calloway should fight her abductor tooth and claw, but loyalty to her old friend wins out. Isolated in a rustic hideaway, she tends his wounds and cant help staring at his scars and prison tattoos. Their impromptu safe house becomes a haven of uneasy trust and potent, gathering desires. As they sort present dangers from past affection, Gemma realizes shes in over her head...and up to her heart with longing for a good man whose last reason for living could be revenge. Warning: This book contains a sexy British spy whose year-long imprisonment has left him a little...pent-up. And scarred. And possibly untrustworthy. Watch out for fast-and-furious sexuality, dares that cement a friendship against all odds, and oh-so-wrong but oh-so-sexy tattoos.
