

Forbidden step Casey is strictly off limits! 18 year old Casey is a spoilt little brat. She knows what she wants and exactly how to get it, ESPECIALLY the things she knows shes not allowed. She thinks she has the power to wrap everyone around her little finger, and that her new step Connor will be no different from the rest. Shes seen the way the billionaire alpha already looks at her, and she cant wait to start reeling off her many outrageous demands. Connor has a plan of his own, however, to teach precocious Casey whos really in charge. If shes going to continue to get what she wants, then theres something shes going to have to do for him too. Forbidden step Casey may be strictly off limits, but Connor likes it hard, deep & unprotected, and hes just as used to getting his own way! Its taboo, and its probably wrong, but demanding Connors not the kind of man to let his morals get in the way of his fun.
