

Faith, Love and Werewolves (Harvest Moon Bonding Company Book 1)

Faith MacLeroy survived one of the lower rungs of Hell, only to have happily ever after fall apart slowly and painfully after the nightmare ended. When a rogue werewolf begins attacking the innocent human citizens of Prophet City, Faith assumes its just the latest headache to land on her desk. The Harvest Moon pack has been charged with enforcing werewolf law and, as the second-in-command of the pack, Faith knows shes responsible for helping hunt down and execute the wolf responsible for the pointless loss of life. She isnt expecting to fall for one of the newly turned wolves, or that the rogue responsible for so many deaths has been playing a long and dangerous game with the lives people she loves. Now the mistakes of Faiths past are colliding with her hopes for the future and, while she would gladly sacrifice herself for the greater good, its not sacrifice that the enemy wants from her.
