

Obsession Everlasting

A World of Dark Secrets Simon Clairmont is Vampyre. Reclusive, elegant and wealthy beyond imagining, he has lived centuries in the sultry shadows of Savannah, Georgia. Now, caught in the midst of a bloody quest for power among his own kind, he must choose between the one lovely mortal who has ever captured his heart and the tenuous peace maintained within the Vampyre realm. The Love of an Eternity Suspicious doesn't begin to describe journalist Fallyn Mitchell's frame of mind when she's called to an exclusive on-site interview in the mansion of one of the world's most mysterious men. But as the truth behind Simon's dark secret unfolds, she's drawn into a nightmare of death and war and the dream of an obsession everlasting. Reviews and Other Information: You will lose yourself in the characters!...A wonderful story of two people brought together regardless of their different lifestyles and secrets. With some humor added, Lisa Phillips has written a story where you can lose yourself in the characters and what they must endure and conquer. An excellent debut, I am looking forward to reading the next story written by Ms. Phillips. Paranormal Romance Reviews This story was next to perfect. One of my favorite vampire stories in a very long time. Long & Short Reviews...a story about true, everlasting love, good vs. evil, and the ties that bind. The author also gave vampires skills that were believable, and these skills were woven into the story. This story was a great and enjoyable read, full of rich characters and even juicier plot twists. Once Upon a Romance Lisa Phillips debut novel, OBSESSION EVERLASTING is an enchanting and entertaining story that will keep readers spellbound... Ms. Phillips has a creative and imaginative plot that is woven together with charming life-like characters and intense heart-pounding emotion. I like how the author injects touches of humor into

parts of the story that at times could become too dark and melodramatic. Night Owl Romance...a well crafted story that oozes in desire immediately. The reader cannot help but become connected with Simon and Fallyn. Simon is so charismatic. He has a sensual tone to his voice, which draws the reader into the story. I found Fallyn strong in her actions as she strives in a busy world to stay afloat. Being familiar with the Savannah area, and all the places Lisa Phillips enhances in the story, I got a great sense of aura as if I was right in the midst of everything. There were many secondary characters that blended in well with the storyline to give it that extra gusto to make it a page-turner read. Coffee Time Romance
