

Political culture is one of the central, but most difficult, concepts in political science. Culture and Politics: A Reader explores this concept by compiling previously-published works that focus on the core themes of political culture research: Concepts and Applications, Culture and Globalization, Popular Culture, Civil Society and Social Capital, Social Movements and Collective Identity, Culture and Political Change, and Culture and Rationality. Each section includes general and article introductions as well as a suggested reading list. Culture and Politics: A Reader provides a handy resource for students and teachers at both the graduate and under-graduate level.

Desire Renewed (Happily Bedded Bliss Book 1), Understanding Aircraft Composite Construction, Second Edition, On Every Side, Self-help: With illustrations of character, conduct, and perseverance, Cunninghams Encyclopedia of Crystal, Gem & Metal Magic (Cunninghams Encyclopedia Series),
