

The Pretend Fiance: A Billionaire Love Story (The Pretend Girlfriend Book 2)

What if he didnt have that company and that money, though? Would you still feel the same way about him? After Aiden Manning, the billionaire CEO, let me into his life, I thought our problems were over. And when he went down on one knee, in front of my parents and all our friends, I knew there was only one answer to his question. Yes... However, as soon as I started feeling secure in our relationship, an old figure from his past arrived. She wasnt interested in congratulating us, she was only interested in breaking the two of us apart, just as Henry had done last year. I sacrificed so much to make our relationship work, and Id do it all again. However, will the secrets that I have to keep from Aiden be our undoing?
