

From New York Times and USA Today Bestselling author Jessica Ryan comes the continuation of the Bucklin Wolves Saga.... Alpha wolf Seth is quite vexed by the fact his curvy egghead goddess Maribel has laid the law down for him: she wants a purely platonic relationship. Its a decision that leaves his wolf, and his human side, screaming with frustration. But if shes so serious about keeping things professional why does she get aroused every time he shows her his award-winning smile? A dangerous mission deep into foreign wolf territory might be just the thing he needs to capture his beautys heart forever. This is the second novella in the ongoing The Bucklin Wolves Next Generation saga. It is not a standalone book and it is not intended to be read out of order. Book ends on a cliffhanger that will be wrapped up in part 3. For readers 18+
