Jacob is the artist who painted the front cover Flower Garden of Life and Love design for Rachel. It is a cautionary tale filled with prayers of covering, courtship, and the privilege of nurturing and caring for a loved one. Specific Scriptures are included which anchored Jacob and Rachel as they walked alongside one another on this part of their journey. Clearly, God ordained this couple to bring His ultimate Glory. It is a lesson of LIFE and brings a serious awareness of how life is tragically ending for some. Startling information is included about the distinct differences between hospice palliative care /respite care / care giving and comfort care. Once the morphine begins, everything changes and there is no turning back. Knowledge is Power through Advocacy and Awareness. For it is appointed to a man once to die, and then the judgment. Hebrews 9:27. Who determines when it is ones time to die, does He or doe we? For more information please visit [www.TheSimplicityProject.org](http://www.TheSimplicityProject.org).
