

Jaden Miller had one plan when she left her hometown, and it was simple—never return. She has her dream job, her freedom, and miles separating her from a past she needed to outrun. Only one thing could make her return to River Bend, and that's her best friend on the verge of a breakdown. From the moment Cole Brooks realized he married the wrong woman, he'd done his best to not let fantasies of the one who got away haunt him. Now that his marriage is over, and Jaden's back in town, is the universe giving him a second chance? Jaden isn't about to let her guard down around the man who broke her heart, but Cole won't give up until she admits how perfect they would be together.
