

Inappropriate Men (Red Dress Ink (Numbered Paperback))

Dont get me wrong. There was -- there is -- much love between my husband and me. We arent miserable, we just arent happy. And we arent really together that much -- it didnt used to seem to matter. But its starting to matter. Its starting to matter very much indeed. With her marriage spiraling toward divorce, sexually confident and unapologetically sized-24 Sidney Stein finds herself drawn into an illicit affair with Geoffrey Fahl -- not only married and twenty years her senior, but also her fathers business partner. Perilously close to falling in love with this man who is so very wrong for her and knowing theres no future in the relationship, Sidney decides its time to turn her life around. Newly separated from her husband, Sidney dives into the dating pool. And after more than a dozen dates, a disastrous transitional guy and reconnecting with a high school crush, she cant help but wonder if it might not just be easier to let herself drown. But just as she stops looking for the ideal man, someone else arrives ...and he might just be everything she never knew she always wanted. Experience the love, joy and heartbreak of Sidney Stein in Stacey Balliss debut novel. Neither pat nor predictable, *Inappropriate Men* is laugh-out-loud funny without compromising intelligence.
