

The Life of the Spirit and the Life of To-day

This book has been called *The Life of the Spirit and the Life of To-day* in order to emphasize as much as possible the practical, here-and-now nature of its subject; and specially to combat the idea that the spiritual life or the mystic life, as its more intense manifestations are sometimes called is to be regarded as primarily a matter of history. It is not. It is a matter of biology. Though we cannot disregard history in our study of it, that history will only be valuable to us in so far as we keep tight hold on its direct connection with the present, its immediate bearing on our own lives: and this we shall do only in so far as we realize the unity of all the higher experiences of the race. In fact, were I called upon to choose a motto which should express the central notion of these chapters, that motto would be *There are diversities of gifts, but the same Spirit.* This declaration I would interpret in the widest possible sense; as suggesting the underlying harmony and single inspiration of all man's various and apparently conflicting expressions of his instinct for fullness of life. For we shall not be able to make order, in any hopeful sense, of the tangle of material which is before us, until we have subdued it to this ruling thought: *seen one transcendent Object towards which all our twisting pathways run, and one impulsion pressing us towards it.*
