

## Finding Resolution (Centre Games Series Book 4)

Finally, Dr. Jasmine Carter (Jazz) was getting her shot at taking the lead on one of the Centres highly covert operations. Great, wonderful, a dream come true even you'd think. Well, that was until Mr. Tall, Dark, and Broody Quade Roston, her fellow Centre co-worker was assigned to be her partner. For the last twelve months, these two had been at war. In fact, they'd elevated trading verbal barbs to the level of an international sport. For all the antagonism, the chemistry between them was just as strong. They both knew it their teammates knew it. But what the hell were they going to do about it? Simple Jazz issues a challenge to Quade that she thinks he'll never accept nor live up to. Then their seemingly straightforward assignment to investigate a few cases of a mystery illness suddenly morphs into something much more deadly. Jazz finds herself the unknowing target in the middle of a bikie war. Now she's dealing with threats from all corners. But maybe, just maybe, the biggest threat will be to her heart. Ask the Author: Q: So what makes the Centre Games Series special? A: It's a mix of things, really. When I set out to write these books, I wanted to create something that mirrored exactly the kind of books I like to read. My favourite reads all have a little of everything romance, suspense, action, adventure. I don't even mind a little paranormal fantasy or sci-fi done right! I love a strong storyline and I'll admit to liking some steamy sex! Basically, anything with a kick-butt attitude and fast-paced style gets my vote, but the romance must be good, oh and did I mention a happy ever after? The Centre Games Series is a great mix of these genres. You'll find the series focuses on a romantic suspense mystery and thriller theme with a little but very believable paranormal or sci-fi twist. But unlike most romantic suspense, I've added full character development for our hero and heroine, and

some very HOT sexy scenes. I like to take unusual themes, incidents or threats and use them as the thriller plot line, then I weave a romance story around it. Overall, the Centre Games series is designed to keep you turning the pages - and I've made sure there's never a dull moment.

Q: Where are the books set? A: The books are set on the Gold Coast (Queensland) Australia and are based around a covert quasi government agency that is not government, nor military but rather designed to eradicate biological, agricultural and environmental threats.

Q: What are the characters like? A: My heroes are very alpha (you'll understand why when you read the books) and are all very unique. My ladies are also strong, smart and take-charge. I often have readers say how they love that all my characters are different and they want them as friends!

Q: I'm a guy, will I like your books? A: Probably, I have a lot of male readers who love the strong storylines. (as long as you're okay with some red hot romance and sex - all will be good!)

Q: What order should I read the books in? A: I've written the series so you can read the books as standalone, or as a connected series. If you do want to read them in order to get the most out of the series, I'd suggest the following sequence.

Finding Trust  
Finding Judgement  
Finding Freedom  
Finding Reolution
