

Burn: Blood of the Alpha, Part Two: A Wolf Shifter Paranormal Romance

A wolf shifter and a vampire--no one expects them to survive three days together. In fact, it would make things easier for a lot of people if they tried to kill each other. Fortunately, vampire Sabrina Gray isn't very good at taking orders. West Blackwell walked away from Dark Legacy pack a year ago when the alpha stood by and allowed his brother to be murdered. Now the pack needs him to play a role in a deadly game with the Vampire Horde that will risk not only his life, but his heart, as well. Sabrina Gray should have died the night a vampire's fangs sank into her neck. Instead of dying, she turned into something impossible: a shifter turned vampire. Shunned by the Horde, she's offered to the werewolves as a very expendable sacrificial victim. Can love defeat evil? Or will the powers that be destroy them? BURN is the second of four parts in the Blood of the Alpha serial. All the individual episodes will be available in Kindle Unlimited. The box set containing all four parts releases May 20, 2015. Contains strong language and sexual themes that might make you blush and is intended for readers over the age of 18.
