

Love You Anyways (Love Series Book 5)

When Lucas Links finds out his wife has been cheating on him his world is rocked. Ashley, his wife, blames him for her nearly five year affair with Senator Robert Robertson. Ashley says she has lived for twenty years knowing her husband is in love with his high school sweetheart Tessa Ross. Tessa Ross Abrahams, husband Collin, was murdered in an attempt to save their daughters life. She grieved silently. She wanted to show her grown children that she was alright and that even after a devastating loss life can go on. Secretly it was something she doubted. When Lucas, who is still very much a part of her life lends his support will she take it? Will the passion they shared so many years resurface? Will the sins of his past be forgiven? Will she take a chance at the boy who shattered her heart? Will they be able to ignore the extreme sexual desires they had for one another or will they seek comfort in each others bodies and beds. This novel starts in Lucass voice. We also hear from Tessa towards the end.
