

## The Edge of Tomorrow - Book 2 (Hiding in the Shadows) (Volume 2)

Calli Crawford has given up too much in life, too many rules and regulations forcing her to become someone she can barely recognize. Such is the life of a woman in the witness protection program. With loneliness and fear as a constant companion, she's in search for solitude in hopes of making it to the trial date and getting back to her life. Captain John Edge Barker has served his final mission for the Navy Seals and the devastation of it has left its mark on the hard-bodied vet. His plan is to focus on his dogs and ignore the rest of the world, but when a raven-haired woman in need moves across the street, his world is turned upside down.

Needing someone to protect, he goes against his better judgment and steps into her world and makes her fight his own. With the largest syndicate in New York searching high and low for them, the pair doesn't have the luxury of living in the present. They're forced to stay on the razor edge of tomorrow.
